

In the Shadow of His Soul (reprise)

Paul N. Dion / Allen M. Dion

I will defend his honor and affirm this as my role.
He needs our strength and guidance, and our actions must be bold.
We will comfort and advise him and try to ease his mind.
Protect him from distractions when adversaries undermine.

We will not fail or waiver, as our course has now been set.
We will push this man to conquer every challenge, every threat.

I am prepared to help him with this most important role.
We'll walk beside this man in the shadow of his soul.
