

# Never Heard of Her

Paul N. Dion / Allen M. Dion

She's curiously beautiful.  
Rumors are she's chummy with Pacelli.  
But I never heard of her.  
They say she's friends with hotshot Spellman,  
The current rising star, who's in with dear Pacelli.  
How'd she get that far?

## CHORUS

But we have never heard of her.  
No, we have never heard of her.  
I don't think anyone's heard of her.

She's strong-willed and determined  
And not like other women.  
Pacelli must divorce her and soon.

## CHORUS

Never Heard of her,  
Never heard of her,  
Never heard of her.

Dear Cardinal Tisserant, do you know the secret woman,  
Who's the current talk around here?

I assure you I have noticed she's no ordinary nun.  
Gaining ground and growing power,  
We should squash this nun for fun.  
I want to ignore this problem, let the problem goes away.  
But I fear this Lapopessa is here to stay.

I never heard of her.  
We have never heard of her.  
Let's make one thing clear.  
We don't need her 'round here.  
I never heard of her, and we never heard of her.  
Never not a word, not even a whisper about her.
